ABOUT US

Established in 2016, SUDU Industrial is a Dubai-based high-tech enterprise dedicated to advancing innovative and sustainable energy solutions. We specialize in the development, manufacturing, and sales of advanced products such as oxy-hydrogen generators, engine carbon cleaning machines, catalytic converter cleaning systems, and oxy-hydrogen welding machines. Operating from a modern 8,000-square-meter facility, our solutions harness green technology by efficiently converting water into hydrogen and oxygen, delivering a clean and powerful energy source that enhances performance while reducing harmful emissions. Driven by a strong focus on quality, innovation, and customer satisfaction, SUDU Industrial continues to lead the way in eco-friendly industrial technologies. More than a manufacturer, we are committed to shaping a cleaner, smarter future for energy and industry.
